

# ANUSCHKA<sup>™</sup>

## The Five Stages to Crafting Designer Anuschka Accessories

1

◀ **ANUSCHKA leather accessories are carefully hand cut and exquisitely hand crafted from fine grain cowhide**

2

**Our Quality team conducts meticulous production checks through all stages of fabrication** ▶

3

◀ **Our trained artisans sketch each piece before painting the entire bag with exotic and original Anuschka art**

4

**After each bag has been individually hand painted, the check is conducted again to ensure that our high quality standards have been met** ▶

**A family member personally signs each accessory with the trademark Anuschka designer label before the bags are packed for a long journey overseas** ▶
